**BARCELÓ**  
RON DOMINICANO

40  
Aniversario

*Celebrate the birth of  
Barceló Imperial every decade  
with a limited edition.*

More than 500 years of history narrate the vast cane fields of San Pedro de Macorís. Among these anecdotes stands out the one from 1980 which relates to the birth of the first premium rum of the Dominican Republic, Barceló Imperial.

Every decade we dedicate an ode to that historical achievement, a tradition that is commemorated with our Barceló Imperial Premium Blend, now celebrating its 40th anniversary.

Just 15,000 bottles for the entire world, a limited and numbered production rum.

The result of the best alcohols derived from the precious juice of our Dominican sugar cane, aged for up to a decade in American oak barrels and later, aged for two more years in French oak barrels with different degrees of charring.

Once doubly aged, our Master Blender, guided by his expert instinct, deliberately allows this complex blend to rest in French oak coops for another 10 years, thus achieving a rum with exuberant organoleptic properties.

A gift to those who truly appreciate the palate of a fine quality rum.

**Tasting Notes:** Bright coppery brown color. Harmonious hints of crème brûlée, caramelized raisins, exquisite dried spices and dried cherries. Smooth entry with a semi-dry, but fruity body of great depth, evolving layers of nutty spice layers typical of fine European wood. Finishes with a long aftertaste of pepper leaf and elegant tobacco. An exuberant rum of limited production, doubly aged and rested in barrel. Ready to delight our senses with every sip.

**Perfect serve:** Perfect with fine cigars, aged cheeses, elegant desserts, dark chocolate and select cuts of red meat.
